Will Project deliverables be changed due to change/transfer? Explain in the box below. (Note: Accomplished deliverables must fall within the scope of the project.)

The Modoc County Sheriff's Office is requesting a grant modification in the "type" of equipment to be purchased. We originally requested a 4X4 Utility Vehicle with snow tracks along with two snowmobiles as our equipment purchase and have since weighed the user friendliness and officer safety aspect of the requested equipment and have decided that those using the equipment are more comfortable with a ATV platform and our current UTV platform which would be better utilized with snow tracks and a cab. Therefore we are respectfully requesting a modification to our grant agreement under the equipment purchase category to purchase two ATV's with snow track along with snow tracks and a cab for our 6X6 UTV, instead of the two snow machines and the 4X4 utility vehicle.
